REASON FOR THE SURCHARGE

Inverell Shire Council is charged fees when customers pay their accounts by credit using MasterCard, Visa card or Visa Debit. These fees add up to a considerable cost, and this money can be better spent on other Council services. In line with other organisations, customers who choose to pay accounts by credit card will be charged the surcharge.

CALCULATING THE SURCHARGE

The standard surcharge will be 0.65% of the total transaction amount credit card payment made. Premium credit cards will attract a high surcharge of 1.76%.
