- 1. DELIVERY PLAN 2017 - 2021**
-

## Quick Reference Guide

Below is a legend that is common between the:

- Inverell Shire Council Strategic Plan;
- Inverell Shire Council Delivery Plan; and
- Inverell Shire Council Operational Plan.

**TO JOINT COMMITTEE MEETING 14/6/2017**

<b>ITEM NO:</b>	1.	<b>FILE NO:</b> S4.13.2
<b>DESTINATION 1:</b>	A recognised leader in a broader context	<b>R</b>
<b>SUBJECT:</b>	<b>PREPARATION OF DELIVERY PLAN</b>	
<b>PREPARED BY:</b>	Paul Henry, General Manager	

**SUMMARY:**

The purpose of this Joint Sitting of the Committees is to undertake the next stage in the development of the 2017 – 2021 Delivery Plan. Council is requested to determine if individual projects (nominated by individual Councillors) will proceed to the final stage of the preparation of the document.

**COMMENTARY:**

Council is required to prepare a Delivery Plan that outlined the activities and specific projects Council will seek to undertake over the next four (4) financial years. It is this document that sets out the broad policy direction and the specific actions Council will take, in order to move the community towards the aspirational vision outlined in the Community Strategic Plan.

A copy of the current Delivery Plan is attached. This document will be expanded by including a list of specific projects approved by Council.

The process for determining the specific actions/projects that will be included in the Delivery Plan is:

- Step 1 – Councillors are invited to nominate actions/projects for inclusion on a 'wish list',
- Step 2 – This 'wish list' is considered by Councillors who vote on whether an individual project has majority support of the Councillors and shall therefore be included in the Delivery Plan,
- Step 3 – The projects approved by Councillors form part of the Draft Delivery Plan which is placed on public exhibition,
- Step 4 – Council adopts the Delivery Plan at the July Council meeting.

**Today's Task**

Step 2 will be undertaken today.

Attached to this report is a list of projects submitted by Councillors (D3-D6).

The 'sponsoring' Councillor will be invited to present their project idea to their fellow Councillors. After this presentation the Mayor will invite Councillors to vote on whether this project should be included in the Delivery Plan.

---

Please note that the inclusion of a project in the Delivery Plan does not guarantee that it will be undertaken. Funding for a project needs to be allocated in the Annual Operating Plan or obtained from grant funding opportunities.

The Delivery Plan is therefore a statement of Council's intent for the ensuing four (4) year period.

**RELATIONSHIP TO STRATEGIC PLAN, DELIVERY PLAN AND OPERATIONAL PLAN:**

**Strategy:** R.06 Council ensures it is able to provide resources to effectively deliver its Strategy and Programs.

**Term Achievement:** R.06.01 Council provides adequate resources to deliver its programs and has introduced measures to increase its capacity to deliver cost effective and efficient services.

**Operational Objective:** R.06.01.01 Develop annual and longer term resource plans aligned to the strategic programs.

**POLICY IMPLICATIONS:**

## **PROFILE OF THE SHIRE**

Inverell is a thriving regional commercial and service centre, reaching an estimated target area of 60,000 people, offering opportunities for resourceful companies and individuals, as well as support services for both commerce and industry. The following matters are highlighted.

### **The Area:**

The Shire of Inverell covers an area of 8,623 square kilometres of rich farm and grazing land, including large mineral deposits, particularly tin and sapphires – the area produces a significant proportion of the world's sapphires.

Inverell is situated on the Macintyre River in the central New England Tablelands. It is 590 metres above sea level, 689 kilometres by road from Sydney, 437 kilometres from Brisbane and only a short drive to the popular mid and northern coastline of eastern Australia. The town is situated on the Gwydir Highway, which connects western New South Wales with the eastern seaboard.

### **The People:**

The Inverell Shire offers a diverse lifestyle for residents and visitors, while the clean country environment promotes a healthy and relaxed lifestyle. The Australian Bureau of Statistics (ABS) Regional Profile Figures for Inverell recorded a population of approximately 16,846.

### **The Economy:**

Inverell Shire is unique in that it continues to experience sound growth. Inverell itself is an emerging Major Regional Centre.

Inverell features diverse retail, manufacturing, professional services, construction and agricultural sectors. They are all major contributors to the local economy. Tourism, in particular, is a growing industry in the Region. These are supported by Inverell's unique "Growing Inverell Program".

The most recent Business Retention and Expansion survey conducted through the Growing Inverell Program highlighted the following:

- Local Employment has increased 15% over the last two years.
- 56.6% of businesses expect an increase in profit.
- 51% of businesses listed Inverell as above average in terms of business infrastructure and services.
- 5% of Inverell Shire Businesses are involved in International Trade.

### **The Climate:**

Inverell experiences four distinct seasons. The average maximum Summer temperature is 29 degrees Celsius. The average maximum Winter temperature is 18 degrees Celsius. Inverell's average annual rainfall is 850 millimetres.

### **The Environment:**

The Inverell Shire has a unique natural environment consisting of two major river systems, two major water storage dams, Copeton and Pindari, two National Parks (Kwiambal and Kings Plains), 10 State Forests, as well as numerous wilderness areas.

Inverell Shire Council faces the challenge to ensure that the environment is protected and enhanced, facilitating a healthy and safe lifestyle for all and to promote biodiversity. This aim must be achieved while ensuring an equitable balance between the environment and social and economic development.

Inverell Shire Council has sound water resources and its water supply has not been impacted by the severe drought and resulting water shortages faced across much of Eastern Australia. Council recognises the need to promote the responsible use of water.

Inverell's air is crisp and clean. Council has recently participated with the State Government in the Wood Smoke Reduction Program.

### **Housing:**

Inverell Shire offers a broad range of housing and lifestyle alternatives. These range from unit accommodation, to duplexes, small residences through to executive residences on small and large lots (up to approximately 1,200 square metres), and a wide variety of larger lifestyle lots of 1 hectare and over. Inverell offers a range of Retirement and Aged Care housing and accommodation alternatives. Aged Care facilities are also available at Ashford. The industry leading H N McLean Memorial Retirement Village is located in Inverell. Building activity remains strong in Inverell Shire and has been at record levels for the last four years. There continues to be strong development activity across the Shire.

### **Education:**

Inverell Shire is well catered for in respect of educational opportunities with a wide range of alternatives from pre-school through to secondary school. In the 2012 Business Retention and Expansion Service Satisfaction Survey, Inverell School's received a score of 99% as being good to excellent.

TAFE NSW has a campus in Inverell and Inverell is in close proximity to the University of New England. A University of New England Outreach Centre is located at Inverell TAFE.

Northern Inland Community College Inc. has a branch in Inverell with a commitment to provide lifelong learning opportunities that meet peoples' education and skills training needs.

### **Culture:**

Cultural activities play an important part in the vibrancy of our Shire. The Inverell Art Gallery is located in Council's Cultural Precinct in Inverell and is supported by Council. A number of annual cultural events are conducted including the Venetian Carnival and the Sapphire City Floral Festival. The Tom Roberts Festival is conducted every four years.

Inverell Shire also enjoys a rich heritage, reflected in its built and natural environment. Council recognises the importance of its Communities Cultural Assets. Council established a Cultural Advisory Committee (Inverell Cultural Group) in 2007.

MAP OF THE INVERELL LOCAL GOVERNMENT SHIRE

## COUNCILLORS PROFILE

The Inverell Shire Council is made up of 9 Councillors, who elect the Mayor and Deputy Mayor from this body for the ensuing 9 months. The Councillors are elected by residents and ratepayers of the Shire every four years. The last general election was held in September 2016.

Cr Paul Harmon  
Mayor

Cr Anthony Michael  
Deputy Mayor

Cr Di Baker

Cr Paul King

Cr Kate Dight

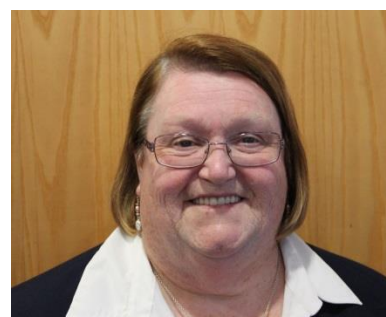

Cr Mal Peters

Cr Stewart Berryman

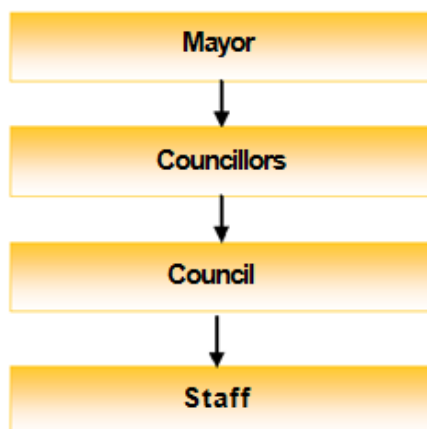

Cr Neil McCosker

Cr Jacki Watts

## ORGANISATIONAL STRUCTURE

The overall structure of the Inverell Shire Council is shown in the chart below. The organisation consists of the elected members, the General Manager and two divisional Directorates.

### Role of the Major Players

#### The Mayor

- To provide leadership and guidance to the community.
- To exercise policy-making functions between meetings of the Council.
- To preside at meetings of the Council.
- To represent Council at civic and ceremonial functions.
- To facilitate communication between the community and the Council by way of correspondence by telephone, face to face meetings and inspections.

#### The Councillors

- To represent the interests of the residents and ratepayers.
- To provide leadership and guidance to the community.
- To facilitate communication between the community and the Council.
- To attend meetings of the Council.

#### The Council

- To determine Council policies and objectives
- To direct and control the affairs of the Council in accordance with the Local Government Act.
- To review the performance of the Council and its delivery of services, and the management plans and revenue policies of the Council.
- To represent at all times the needs of the community as a whole.

#### The Staff

- To provide advice and support to Council.
- To plan, organise, administer, control and review the activities of Council.

### How Your Council Functions

Council consists of nine Councillors and is the ultimate decision making body for the organisation. Council receives and acts upon advice from Council Officers, Advisory Sub-Committees and Terminating Committees/Working Parties.

The elected member should reflect the views of the community and is primarily responsible for making decisions on policy matters and the allocation of funds for Council services.

The *Local Government Act 1993*, provides for the General Manager to exercise the day-to-day management of the Council.

#### **Advisory Sub-Committees:**

These particular committees address specialist issues under their jurisdiction. They consist of Councillors and public representatives and are requested to advise only on matters relating to the appropriate function/s. Advisory Sub-Committees report to Council on a regular basis making recommendations in relation to policy and planning.

Current Advisory Sub-Committee include:

- Local Emergency Management,
- Conduct Review
- Precinct Committees – Ashford, Yetman and Delungra.
- Traffic

#### **Terminating Committees/Working Groups:**

These Committees are appointed where any matter before Council or a Committee requires detailed investigation. Meetings are held on an “as required” basis and terminate once the matter under investigation is reported to Council for determination.

#### **Section 355 Committees:**

Section 355 Committees are formed under this section of the *Local Government Act, 1993* to “*care, control and manage appropriate functions*”. These Committees operate under authorities delegated by Council and report annually to Council. These include the Great Inland Fishing Festival, Sapphire City Festival and Inverell Sports Council.

## HOW IT ALL FITS TOGETHER

### Strategic Plan Strategies 20 Years

**R.01.01.01** Increase marketing programs that present Inverell Shire as the attractive, vibrant rural centre of the New England Northwest, designed to distinguish it from other parts of New England and attract visitors.

**C.01.01.01** To provide leadership and advocate to ensure the community is provided with a broad range of services and opportunities commensurate with other large regional councils.

**E.01.01.01** To establish measures and processes to protect the built environment and safety of the residents of the Shire through both direct control and education.

**B.01.01.01** To ensure the physical development of the Shire is in accordance with community needs and expectations, adopted planning instruments and policies.

**S.01.01.01** To ensure communities have cost effective access to communication services.

## How to Read this Plan

Inverell Shire Council's planned future direction is divided into three separate documents each interdependent. These documents provide information on the direction the Council is going to take, the actions to progress towards the direction and how the Council is going to measure the level of achievement.

The first of these documents is the Strategic Plan. The Strategic Plan provides information on the aspirational goals (defined "Destinations") for the Community, including the Council's Mission and the Purpose.

The Delivery Plan is a four (4) year plan outlining the "Term Achievements" which align directly to the Destinations defined in the Strategic Plan. This document provides greater detail on the strategies to be used to achieve progress towards the Destinations. Term Achievements are the framework used in the construction of the Operational Plan.

The final document being the Operational Plan, defines "Operational Objectives" and activities undertaken by Council and the officers responsible. The document includes information on Key Performance Indicators (KPIs) and measurable expected outcomes. The KPIs and activities contained in the Operational Plan are to fulfill the Operational Objectives that support the Term Achievements and therefore assist in making progress towards the Destinations contained in the Strategic Plan.

Below is a legend that is common between the:

- Inverell Shire Council Strategic Plan.
- Inverell Shire Council Delivery Plan.
- Inverell Shire Council Operational Plan.

This format allows for easy understanding of the links and processes between the various activities and their relationship to the overall Destinations for the Community to achieve. Throughout the documents, the colour associated with the relevant Destination has been used to provide for easy use and understanding of the activities listed, along with highlighting the Destination, the Term Achievements and Operational Objectives

## **FIT FOR THE FUTURE ROADMAP:**

### Fit for the Future Action Plan

Council's FFF Roadmap required that Council take a number of Key Improvement Actions commencing in 2016/2017. These actions are as follows:

1. Review of Fees and Charges completed annually.
2. Solar Energy Systems installed at Inverell Pool and SES Facilities.
3. GPS Tracking devices installed in the remainder of Council's Plant Fleet.
4. Special Rate Variation Application prepared and approved to commence in 2017/2018.
5. Special Road Renewal Infrastructure Backlog Program completed.
6. Inverell Swimming Pool Asset Renewal Project planning completed.
7. Review of Council's Long Term new Infrastructure needs to support its growing community completed.
8. Annual Review of Operational Efficiency/Effectiveness Program conducted.

These actions have been progressed in the following manner since October, 2015:

- a) A full review of Council's Long Term Financial Plan, Fees and Charges and Council's Operational Efficiency/Effectiveness Program was conducted in the preparation of the 2016/2017 Operational Plan and Budget. A funding allocation was provided in the 2016/2017 Budget for the continued roll out of GPS Tracking Devices for Council's Plant Fleet.
- b) In respect of these actions it is noted that as the NSW SES are now responsible for the payment of Electricity Charges for SES facilities with Council only contributing 11.3% to the costs. Accordingly the SES Solar Energy Project was moved to the Inverell Art Gallery and matched with Grant Funding to deliver a Solar Energy System at the Gallery, where Council is responsible for the full electricity costs.
- c) GPS tracking has been installed in an additional 40 vehicles. 20 of the targeted plant items remain to be treated.
- d) The Council will be aware that the Special Road Renewal Infrastructure Backlog Program is in progress and will be completed early in 2017/2018 having been delayed by the continuing wet weather. Planning has commenced for the Inverell Swimming Pool Asset Renewal Project.
- e) A brief is being preparing for the possible engagement of a specialist technical consultant to assist in the Swimming Pool plan.
- f) A further review of the Long Term Financial Plan has now been conducted, noting that a range of issues have arisen since June, 2016.
- g) The Efficiency and Effectiveness Program continues.

It is noted that an extensive media and promotion campaign was put in place to publicise Council's FFF Roadmap and these identified actions, being the actions that Council would need to put in place for Council to be declared "Fit for the Future", both initially and on a continuing basis.

The only remaining action to be addressed is then, the FFF Roadmap SRV Application.

The FFF Roadmap requires that for Council to meet the State Governments FFF Program Performance Benchmarks, to be financially sustainable in the short, medium and long term and to meet the Communities current ongoing Service Delivery and Infrastructure needs, that a permanent (Section 508A, Local Government Act, 1993) 14.25% Special Rate Variation (SRV) (14.94% cumulative) above the IPART Rate Peg is required to be phased in over the three (3) year period commencing from 1 July, 2017.

The implementation of Council's adopted and IPART approved FFF Roadmap which is supported by this LTFP ensures that Council meets the requirement that it be Fit for the Future. As detailed in Council's FFF Roadmap, failure to implement the FFF Roadmap will result in Council not being Fit for the Future, Council not being able to deliver current service levels, Council not being sustainable in the short, medium or long term and the growth, Social and Economic Well-being of the Community being negatively impacted.

How will the Special Rate Variation Revenue be spent.

The proposal special rate variation will generate approximately the following additional amounts each year:

•	2017/18	\$	511,897
•	2018/19	\$	1,068,613
•	2019/20	\$	1,678,680
•	2020/21	\$	1,720,647
•	2021/22	\$	1,763,663
•	2022/23	\$	1,807,755
•	2023/24	\$	1,852,949
•	2024/25	\$	1,899,273
•	2025/26	\$	1,946,754
•	2026/27	\$	<u>1,995,423</u>
	TOTAL	\$	16,245,654

The additional \$16.2M raised during the period to 2026/2027 will be expended as follows to maintain existing service levels:

- \$4.08M will be allocated to keeping the General Fund Budget in Balance to ensure existing Service Levels across all Council's General Fund functions are maintained;
- \$2.76M to additional maintenance and asset renewal activities on the Rural Road Network to ensure Service Levels are met and the useful lives of the assets are maximised (drainage, bitumen maintenance and patching, roadside slashing, gravel maintenance and patching, vegetation management etc);
- \$1.11M to road grading to enable existing Service Levels to be met as discussed at the October, 2016 Committee Meetings;
- \$5.10M to the Infrastructure Backlog, being for Heavy Patching, Pavement Stabilisation and Rehabilitation on the Regional Road Network;
- \$1.67M for additional Bitumen Reseals and Gravel Resheeting to prevent the Infrastructure Backlog from re-emerging;
- \$0.44M for Culvert and Causeway, Drainage, and Footpath Renewals in the long term;
- \$0.68M to restore Council's Industry Assistance/Joint Industrial Promotions Program
- \$0.40M for Urban Asset Renewals; and
- A very small \$0.01M Operating Surplus for the Ten Year Period.

As shown, the largest proportion of the additional revenue, being \$10.64M will be allocated specifically to the Regional and Shire Road Network, \$0.44M to Culvert/Causeway/Drainage/Footpath Renewals, \$4.08M will be allocated across all Council's General Fund functions to ensure Council's Existing Service Levels across the Organisation can be maintained, noting that many budget areas have not seen a budgetary increase in the last six years outside of increases in unavoidable fixed costs and \$680K to maintaining Council's Industry Assistance/Joint Promotions Budget.. \$0.40M will be allocated over the ten year life of the LTFP to the Urban Areas for additional asset renewals.

The following is the Table from Council’s widely publicized FFF Roadmap and Long Term Financial Plan updated as at December, 2016. As shown for 2026/2027 the expenditure pattern established under Council’s FFF Roadmap will need to be maintained on a continuing basis, however, the quantum of funding available for Road Asset Renewal will start to again decline from 2026/2027, and further remedial action will need to be taken.
