

Industrial Robotics

including hands on programming of a Kawasaki robot
& Intro to CNC

What's CNC?

Computer Numerical Control converts a CAD design into numbers so it can be used on a 3D cutter!

FREE for youth 14-20 years

A 5-hour introduction to how robots are used in industry and how they are programmed, led by Andrew Blake, who has 20+ years experience in the building industry including CAD design, training, 3D concept modeling and robotics!

DATE: Saturday 14 September 2019
10am - 4pm

VENUE: Inverell Town Hall Annex

FURTHER INFO: Call Inverell Shire Council on 67288288 or email council@inverell.nsw.gov.au
