

NOTICE TO APPLICANT OF DETERMINATION **OF A DEVELOPMENT APPLICATION**

Issued under the *Environmental Planning & Assessment Act, 1979 Section 81(1)(a)*

TO: **Ms Beverley Lee Chue and Holder Business Enterprises Pty Limited**
OF: **89 Prince Street
Inverell NSW 2360**

being the applicant in respect of **Application No DA-51/2020**

Notice is hereby given of the determination by Council of **Application No. DA-51/2020** relating to the land owned by **Ms Beverley Lee Chue and Holder Business Enterprises Pty Limited, of 89 Prince Street, Inverell NSW 2360** and is described as follows:

**Lot 3 Sec 3 DP 5609, Lot 4A DP 366156
89 Prince Terrace, INVERELL 2360**

The development proposal is: **Subdivision - Boundary readjustment**

The Determination is **consent granted subject to conditions described below** made on **17 June 2020**.

This consent expires five (5) years from the date on which it commences to operate in accordance with Section 83 of the Environmental Planning and Assessment Act 1979 unless the work to which it relates has physically commenced on site within that period. Where the approval relates to a use of the land rather than to the carrying out of works then that use must have commenced on site within that five year period.

The conditions of consent are set out as follows:

Preliminary

1. Inverell Shire Council issues its consent, subject to conditions stated hereunder, in accordance with Section 4.17 of the *Environmental Planning and Assessment Act 1979*.

Consent is granted for construction for a boundary adjustment between Lot 3 Sec 3 DP 5609 and Lot 4A DP 366156.

To confirm and clarify the terms of consent, the development must be carried out in accordance with the stamped and approved plans (as amended in red) and accompanying documentation, unless modified by any following condition. Any deviation will require the consent of Council.

2. The applicant must comply with all relevant prescribed conditions as contained in Division 8A of the *Environmental Planning & Assessment Regulation 2000* (as detailed at the end of this consent).

Prior to Issue of a Subdivision Certificate

3. A Subdivision Certificate must be obtained from Council in accordance with Section 109C (1)(d) of the *Environmental Planning and Assessment Act 1979*. The applicant must submit a completed Subdivision Certificate application form (with applicable fee), four (4) copies of the survey plan, two (2) copies of any 88b instrument and documentary evidence demonstrating compliance with the conditions of this development consent.
4. Prior to the issue of a Subdivision Certificate, electricity and telecommunications services are to be provided to all lots. The proponent is required to submit to Council, certificates from:

- An approved electricity service provider indicating that satisfactory arrangements have been made for the provision of electricity to each lot in the subdivision.
 - An approved telecommunications service provider indicating that satisfactory arrangements have been made for the provision of telecommunications to each lot in the subdivision.
5. Prior to the issue of a Subdivision Certificate a sewer connection is to be provided to proposed Lot 1. This will require:
- A sewer main extension. An engineering survey and design for the sewer main extension is to be submitted to and approved by Council. The work associated with the sewer main extension is to be completed as per the approved engineering survey and design, at the applicant's expense;
 - Relocation of the existing internal sewer line to the main extension to be contained wholly within proposed Lot 1;
 - A Contribution under Council's Development Servicing Plan No. 1 for 1 equivalent tenement; and
 - A sewer junction fee in accordance with Council's fees and charges.
6. Prior to issue of a Subdivision Certificate a concrete access crossing is to be constructed from the edge of Prince Terrace, to the boundary of proposed Lot 1 containing the existing dwelling. The proposed location of the access is to be approved by Council. Prior to the commencement of this work the applicant is required to:
- Apply to Council for approval under Section 138 of the *Roads Act 1993* to install a paved vehicular access across the footpath (a copy of the application form is enclosed); and
 - Contact Council for footpath levels so that the driveway can be constructed to provide vehicle access onto the site.

The installation of the vehicular access crossing must be carried out under the supervision of Council and the applicant must give Council two (2) working days' notice to inspect the formwork prior to pouring any concrete.

All work is to be completed to the standard approved by Council, at the applicant's expense and must have key jointing 0.6m either side of the water main.

7. Prior to issue of a Subdivision Certificate the carport off the eastern façade of the dwelling must be removed if it is found to be located over the realigned boundary. Further Development Consent will be required to relocate the carport to another area of the dwelling.

Reasons for Conditions:

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 79C of the *Environmental Planning and Assessment Act 1979*, as well as Section 80A which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

Reasons for Approval

1. The development, subject to conditions, is consistent with the objectives of the R1 General Residential zone.
2. The built form and design of the subdivision, subject to conditions is consistent with the streetscape, development in the locality, and lot patterns in the area.
3. In consideration of subdivision and residential controls of the Inverell Development Control Plan 2013, the development is considered appropriate within the street and neighbourhood.

Community Consultation

As per the Inverell Community Participation Plan the development was considered to be a minor development with minimal environmental impact and notification was not necessary.

If you are dissatisfied with this decision section 97 of the *Environmental Planning and Assessment Act 1979* gives you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice.

You are also advised that section 82A of the *Environmental Planning and Assessment Act 1979* provides that you may apply to Council for a review of this decision subject to the limitations contained in that section and payment of the prescribed fee.

On behalf of Inverell Shire Council

CHRIS FALEY
DEVELOPMENT SERVICES COORDINATOR
DATE : 17 June 2020

Annexure

Prescribed Conditions Summary

As per condition 2 of this consent, the following matters prescribed under Division 8A of the *Environmental Planning & Assessment Regulation 2000* must be complied with, where relevant:

1. All work must be carried out in accordance with the requirements of the *Building Code of Australia*.
2. In the case of residential building work for which the *Home Building Act 1989* requires there to be a contract of insurance in force in accordance with Part 6 of that Act, that such a contract of insurance is in force before any building work authorised to be carried out by the consent commences.
3. Prior to commencement of building work, subdivision work or demolition work a sign must be erected in a prominent position on the site. The sign must:
 - show the name, address and telephone number of the principal certifying authority for the work;
 - show the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours; and
 - state that unauthorised entry to the work site is prohibited.

The sign is to be maintained while the work is being carried out, but must be removed when the work has been completed.

4. Residential building work within the meaning of the *Home Building Act 1989* must not be carried out unless the principal certifying authority for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
 - in the case of work for which a principal contractor is required to be appointed:
 - the name and licence number of the principal contractor; and
 - the name of the insurer by which the work is insured under Part 6 of that Act; and
 - in the case of work to be done by an owner-builder:
 - the name of the owner-builder; and
 - if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified as required above becomes out of date, further work must not be carried out unless the principal certifying authority for the development to which the work relates (not being the council) has given the council written notice of the updated information.

5. If the development involves an excavation that extends below the level of the base of the footings of a building, structure or work (including any structure or work within a road or rail corridor) on adjoining land, the person having the benefit of this consent, must at the person's own expense:
 - protect and support the building, structure or work from possible damage from the excavation; and
 - where necessary, underpin the building, structure or work to prevent any such damage.
