

**NOTICE TO APPLICANT OF DETERMINATION
OF A DEVELOPMENT APPLICATION**

Issued under the *Environmental Planning & Assessment Act, 1979* Section 81(1)(a)

TO: **Mr Amila Wijerathna**
OF: **18-20 Brissett Street
Inverell NSW 2360**

being the applicant in respect of **Application No DA-158/2020**

Notice is hereby given of the determination by Council of **Application No. DA-158/2020** relating to the land owned by **Mrs Frances Ann Enchelmaier, of PO Box 9102, Wynnum QLD 4178** and is described as follows:

**Lot 7 DP 1245239
18 Brissett Street, INVERELL 2360**

The development proposal is: **Electrical Workshop**

The Determination is **consent granted subject to conditions described below** made on **20 November 2020**.

This consent expires five (5) years from the date on which it commences to operate in accordance with Section 83 of the Environmental Planning and Assessment Act 1979 unless the work to which it relates has physically commenced on site within that period. Where the approval relates to a use of the land rather than to the carrying out of works then that use must have commenced on site within that five year period.

The conditions of consent are set out as follows:

Preliminary

1. Inverell Shire Council issues its consent, subject to conditions stated hereunder, in accordance with Section 80A of the *Environmental Planning and Assessment Act 1979*.

Consent is granted for:

- The use of Tenancy 3 of DA-38/2017 for an Electrical Workshop; and
- Signage.

To confirm and clarify the terms of consent, the development must be carried out in accordance with the stamped and approved plans and accompanying documentation, unless modified by any following condition. Any deviation will require the consent of Council.

2. The applicant must comply with all relevant prescribed conditions as contained in Division 8A of the *Environmental Planning & Assessment Regulation 2000* (as detailed at the end of this consent).

Ongoing use

3. The hours of operation are limited to:
 - 7.00am to 7.00pm Monday to Saturday; and
 - 9.00am to 6.00pm on a Sunday or public holiday.

4. The development must comply with the requirements for industrial premises contained in the Noise Policy. Noise emitted by the development:
 - must not exceed an L A (15 min) of 5dB(A) above background noise when measured at any lot boundary of the property where the development is being carried out; and
 - must not cause the relevant amenity criteria in Table 2.1 in the Noise Policy to be exceeded.
5. All new external lighting must:
 - comply with AS 4282–1997 *Control of the obtrusive effects of outdoor lighting*, and
 - be mounted, screened and directed in a way that it does not create a nuisance or light spill on to buildings on adjoining lots or public places.
6. Portable signs, commonly described as sandwich boards and the like, must not be placed on the footpath of other public areas without the prior approval of Council.
7. At no time may any goods for sale, display or storage be placed on the public road, public footpath, service land, parking area and driveways, public or private pedestrian walkways, or outside the site without the prior consent of Council.
8. All loading, unloading and storage of goods must be carried out within the confines of the property.
9. All waste/skip bins are to be screened from public view.

Reasons for Conditions:

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 79C of the *Environmental Planning and Assessment Act 1979*, as well as Section 80A which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

Reasons for Approval

1. The development, subject to conditions, is consistent with the objectives of the IN1 General Industrial zone.
2. The use, subject to conditions is consistent with the streetscape and other industrial uses in the locality.
3. In consideration of commercial controls of the *Inverell Development Control Plan 2013*, the development is considered appropriate within the Brissett Street Industrial Precinct.

Community Consultation

As per the Inverell Community Participation Plan the development was considered to be a minor development with minimal environmental impact and notification was not necessary.

If you are dissatisfied with this decision section 97 of the *Environmental Planning and Assessment Act 1979* gives you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice.

You are also advised that section 82A of the *Environmental Planning and Assessment Act 1979* provides that you may apply to Council for a review of this decision subject to the limitations contained in that section and payment of the prescribed fee.

On behalf of Inverell Shire Council

CHRIS FALEY
DEVELOPMENT SERVICES COORDINATOR
DATE : 20 November 2020

Annexure

Prescribed Conditions Summary

As per condition 2 of this consent, the following matters prescribed under Division 8A of the *Environmental Planning & Assessment Regulation 2000* must be complied with, where relevant:

1. All work must be carried out in accordance with the requirements of the *Building Code of Australia*.
2. In the case of residential building work for which the *Home Building Act 1989* requires there to be a contract of insurance in force in accordance with Part 6 of that Act, that such a contract of insurance is in force before any building work authorised to be carried out by the consent commences.
3. Prior to commencement of building work, subdivision work or demolition work a sign must be erected in a prominent position on the site. The sign must:
 - show the name, address and telephone number of the principal certifying authority for the work;
 - show the name of the principal contractor (if any) for any building work and a telephone number on which that person may be contacted outside working hours; and
 - state that unauthorised entry to the work site is prohibited.

The sign is to be maintained while the work is being carried out, but must be removed when the work has been completed.

4. Residential building work within the meaning of the *Home Building Act 1989* must not be carried out unless the principal certifying authority for the development to which the work relates (not being the Council) has given the Council written notice of the following information:
 - in the case of work for which a principal contractor is required to be appointed:
 - the name and licence number of the principal contractor; and
 - the name of the insurer by which the work is insured under Part 6 of that Act; and
 - in the case of work to be done by an owner-builder:
 - the name of the owner-builder; and
 - if the owner-builder is required to hold an owner-builder permit under that Act, the number of the owner-builder permit.

If arrangements for doing the residential building work are changed while the work is in progress so that the information notified as required above becomes out of date, further work must not be carried out unless the principal certifying authority for the development to which the work relates (not being the council) has given the council written notice of the updated information.

5. If the development involves an excavation that extends below the level of the base of the footings of a building, structure or work (including any structure or work within a road or rail corridor) on adjoining land, the person having the benefit of this consent, must at the person's own expense:
 - protect and support the building, structure or work from possible damage from the excavation; and
 - where necessary, underpin the building, structure or work to prevent any such damage.
