Consent will lapse on	23 March 2027

Unless the work or use to which this consent relates has lawfully commenced on-site in accordance with Section 4.53 of Environmental Planning and Assessment Act 1979.

CONDITIONS OF CONSENT

Preliminary

1. Inverell Shire Council issues its consent, subject to conditions stated hereunder, in accordance with Section 4.17 of the *Environmental Planning and Assessment Act 1979*.

Consent is granted for the Installation a New Manufactured Dwelling.

To confirm and clarify the terms of consent, the development must be carried out in accordance with the stamped and approved plans and accompanying documentation, unless modified by any following condition. Any deviation will require the consent of Council.

2. The applicant must comply with all relevant prescribed conditions as contained in Division 8A of the *Environmental Planning & Assessment Regulation 2000*.

During Installation of the Manufactured Dwelling

3. To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:
 - Works on site are to be carried out in accordance with the *Protection of the Environment Operations Act 1997* in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;
 - Construction may only be carried out between 7.00am and 5.00pm, Monday to Saturday, and no construction is to be carried out at any time on a Sunday or Public Holiday. Council may consent to vary these hours in particular circumstances where it can be demonstrated that it is unavoidable;
 - Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;

- Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;
 - Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot; and
 - Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the *Surveying and Spatial Information Act 2002*. A plan showing the relocated monuments will then be required to be lodged as a matter of public record at the Lands Titles Office.
4. Prior to commencement of works (including earthworks), run-off and erosion control measures must be implemented in accordance with Council's Erosion and Sedimentation Control Policy (2005) to prevent soil erosion, water pollution and the discharge of loose sediment on the surrounding land. Measures are to include:
- Diverting uncontaminated run-off around cleared or disturbed areas;
 - Erecting a silt fence and providing any other necessary sediment control measures that will prevent debris escaping into drainage systems, waterways or adjoining properties;
 - Preventing the tracking of sediment by vehicles onto roads; and
 - Stockpiling top soil, excavated materials, construction and landscaping supplies and debris within the lot.

Run-off and erosion control measures must be in place for the duration of building work and until adequate cover is established on the site.

Prior to Occupation of the Manufactured Dwelling

5. Prior to occupation of the Manufactured Dwelling, a final inspection is to be undertaken and a notice must be issued by Council confirming its suitability for occupation.
6. Compliance plates are to be attached to each dwelling certifying that the applicable dwelling complies with the *Building Code of Australia*.
7. Council must be given written notice of the installation of the manufactured home within 7 days after the completion of the installation. The notice must include:
- the site identifier of the dwelling site on which the relocatable home or associated structure has been installed; and
 - the particulars contained on each compliance plate relating to the relocatable home or associated structure.

The notice must also be accompanied by:

- a copy of the engineer's certificate for the relocatable home or associated structure;
 - a fully dimensioned diagram of the dwelling site on which the relocatable home or associated structure is installed, sufficient to indicate whether or not the setback, density, open space and site delineation requirements of this Part have been complied with;
 - a plumbing and drainage Certificate of Compliance;
 - an electrical Compliance Certificate;
 - a water proofing Compliance Certificate;
 - a glazing Compliance Certificate; and
 - a termite protection Compliance Certificate.
8. Prior to Occupation of the Manufactured Dwelling, all roofwater must be discharged to the table drain in Bullamungee Close.
9. Prior to Occupation of the Manufactured Dwelling and in perpetuity, a distance of 20 metres around the Manufactured Dwelling must be maintained as an Asset Protection Zone in accordance with Section 7.4 of *Planning For Bush Fire Protection 2019*. In this regard it is the

applicant's responsibility to provide documentary evidence that this condition has been met.

10. Prior to Occupation of the Manufactured Home, gas and electricity are to comply with Section 7.4 of *Planning for Bushfire Protection 2019*. In this regard it is the applicant's responsibility to provide documentary evidence that this condition has been met.
11. Prior to Occupation of the Manufactured Home and in perpetuity, a 20,000 litre dedicated water supply for fire fighting is to be provided and maintained in perpetuity for the dwelling, with a 65mm storz outlet with a gate or ball valve for connection of a Rural Fire Service tanker. The water supply must be located within the Asset Protection Zone. Water tanks used for storing the dedicated water supply is to be of non-combustible material (e.g. metal or concrete). In this regard it is the applicant's responsibility to provide documentary evidence that this condition has been met.

REASONS FOR CONDITIONS

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 4.15 of the *Environmental Planning and Assessment Act 1979*, as well as Section 4.17 which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

REASONS FOR APPROVAL

1. The development, subject to conditions, is consistent with the objectives of the R5 Large Lot Residential zone.
2. The built form and design of the Manufactured Dwelling, subject to conditions is consistent with the streetscape and development in the locality.
3. In consideration of residential controls of the Inverell Development Control Plan 2013, the development is considered appropriate within the rural residential area.
4. Subject to conditions of consent, the development is considered to comply with Planning for Bushfire Protection.
