

NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

Approval Issued under Section 4.18(1)(a) of the Environmental Planning and Assessment Act 1979

Application Number	DA-170/2022
Applicant	3D Genetics Pty Ltd
Land to be developed	Lot 98 DP 750063 472 Karoola Road, Bukkulla NSW 2360
Approved development	Dual Occupancy
Building Code of Australia Classification	Class 1a
Determination	The determination is consent granted subject to conditions.
Determination date	11 January 2023
Consent is to operate from	11 January 2023
Consent will lapse on	11 January 2028 Unless the work or use to which this consent relates has lawfully commenced on-site in accordance with Section 4.53 of Environmental Planning and Assessment Act 1979.

CONDITIONS OF CONSENT

Preliminary

1. Inverell Shire Council issues its consent, subject to conditions stated hereunder, in accordance with Section 4.17 of the *Environmental Planning and Assessment Act 1979*.

Consent is granted for a **dual occupancy (detached)**.

To confirm and clarify the terms of consent, the development must be carried out in accordance with the stamped and approved plans and accompanying documentation, unless modified by any following condition. Any deviation will require the consent of Council.

The applicant must comply with all relevant prescribed conditions as contained in Part 4, Division 2 of the *Environmental Planning & Assessment Regulation 2021*.

Prior to Construction

2. Prior to the commencement of any works (including earthworks) on the site a Construction Certificate must be issued in accordance with the *Environmental Planning and Assessment Act 1979*. The application for a Construction Certificate must include plans and specifications demonstrating full compliance with the Building Code of Australia and associated standards.
3. Prior to issue of a Construction Certificate, a General Rural Roads contribution must be paid to Council pursuant to Section 7.11 (formerly Section 94) of the *Environmental Planning and Assessment Act 1979* for the dual occupancy.

Note: The contribution is payable once only. If separate Construction Certificates are obtained for each dwelling, the contribution would be paid for the first certificate and is not required to be paid again for the second certificate.

4. Prior to the issue of a Construction Certificate a rural addressing fee in accordance with Council's fees and charges is to be paid to Council for the single access off Graman Road.
5. Prior to issue of a Construction Certificate, approval under Section 68 of the *Local Government Act 1993* is to be obtained from Council for the installation and operation of an onsite sewage management system for each dwelling.

During Construction

6. To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:
 - Works on site are to be carried out in accordance with the *Protection of the Environment Operations Act 1997* in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;
 - Construction may only be carried out between 7.00am and 5.00pm, Monday to Saturday, and no construction is to be carried out at any time on a Sunday or Public Holiday. Council may consent to vary these hours in particular circumstances where it can be demonstrated that it is unavoidable;
 - Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;
 - Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;
 - Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot;
 - Sediment and erosion control measures are to be implemented onsite and maintained until the site is fully stabilised, in accordance with Council's Erosion and Sedimentation Control Policy 2004; and
 - Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the *Surveying and Spatial Information Act 2002*. A plan showing the relocated monuments will then be required to be lodged as a matter of public record at the Lands Titles Office.
7. Run-off and erosion control measures must be implemented in accordance with Council's Erosion and Sedimentation Control Policy 2005) to prevent soil erosion, water pollution and the discharge of loose sediment on the surrounding land. Measures are to include:
 - Diverting uncontaminated run-off around cleared or disturbed areas;
 - Erecting a silt fence and providing any other necessary sediment control measures that will prevent debris escaping into drainage systems, waterways or adjoining properties;
 - Preventing the tracking of sediment by vehicles onto roads; and
 - Stockpiling top soil, excavated materials, construction and landscaping supplies and debris within the lot.

Run-off and erosion control measures must be in place for the duration of building work and until adequate cover is established on the site.

Prior to Occupation

8. Prior to occupation of each dwelling, an Occupation Certificate must be issued in accordance with the *Environmental Planning and Assessment Act 1979*.

Note: Prior to issue of the Occupation Certificate, the Principal Certifying Authority is required to be satisfied, amongst other things, that:

- *all required inspections (including each applicable mandatory critical stage inspection)*

- *have been carried out; and*
 - *any preconditions to the issue of the certificate required by a development consent have been met.*
9. Prior to issue of an Occupation Certificate the internal access road is to be all-weather standard 4m wide with a vertical clearance of 4m. Passing bays measuring 20m long by 2m wide are to be provided every 200m. In this regard it is the applicant's responsibility to provide documentary evidence that this condition has been met.
 10. Prior to issue of an Occupation Certificate, a distance of 51 metres must be provided around each dwelling and maintained in perpetuity as an Asset Protection Zone in accordance with *Planning for Bush Fire Protection*. In this regard it is the applicant's responsibility to provide documentary evidence that this condition has been met.
 11. Prior to issue of an Occupation Certificate, gas and electricity for each dwelling are to comply with *Planning for Bushfire Protection*.
 12. Prior to issue of an Occupation Certificate, a 20,000 litre dedicated water supply is to be provided to each dwelling and maintained in perpetuity, with a 65mm storz outlet with a gate or ball valve for connection of a Rural Fire Service tanker. The water supply must be located within the Asset Protection Zone.
 13. Prior to issue of an Occupation Certificate for each dwelling, a system of onsite sewage management (as approved under Section 68 of the *Local Government Act 1993*) must be installed and operational.

Advice Only

14. The access off Graman Road is located through a crown road reserve, which is not maintained by Council. It is the responsibility of the owner of Lot 98 DP 750063 to maintain this access.

REASONS FOR CONDITIONS

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 4.15 of the *Environmental Planning and Assessment Act 1979*, as well as Section 4.17 which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

REASONS FOR APPROVAL

1. The development, subject to conditions, is consistent with the objectives of the RU1 Primary Production zone.
2. In consideration of the Inverell Development Control Plan 2013, the built form and design of the dwellings are consistent with the rural locality.
3. Subject to conditions, the development is considered to comply with *Planning for Bush Fire Protection 2019*.

COMMUNITY CONSULTATION

Neighbour notification was undertaken in accordance with the Inverell Community Participation Plan. No submissions were received.

RIGHT OF APPEAL

If you are dissatisfied with this decision, Division 8.3 of the *Environmental Planning and Assessment Act 1979* gives you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice. You are also advised that Division 8.2 of the *Environmental Planning and Assessment Act 1979* provides that you may apply to Council for a review of this decision subject to the limitations contained in that section and payment of the prescribed fee.

On behalf of Inverell Shire Council
