

## NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

*Approval Issued under Section 4.18(1)(a) of the Environmental Planning and Assessment Act 1979*

<b>Application Number</b>	<b>DA-21/2023</b>
<b>Applicant</b>	Mr Luke James Cummins
<b>Land to be developed</b>	Lot 4 DP 1188864 375 Old Bundarra Road, INVERELL 2360
<b>Approved development</b>	Shed
<b>Building Code of Australia Classification</b>	10a
<b>Determination</b>	The determination is <b>consent granted subject to conditions.</b>
<b>Determination date</b>	16 March 2023
<b>Consent is to operate from</b>	16 March 2023
<b>Consent will lapse on</b>	16 March 2028
	Unless the work or use to which this consent relates has lawfully commenced on-site in accordance with Section 4.53 of Environmental Planning and Assessment Act 1979.

### CONDITIONS OF CONSENT

#### *Preliminary*

1. Inverell Shire Council issues its consent, subject to conditions stated hereunder, in accordance with Section 4.17 of the *Environmental Planning and Assessment Act 1979*.

Consent is granted for the construction of a Class 10a shed.

To confirm and clarify the terms of consent, the development must be carried out in accordance with the stamped and approved plans (as amended in red) and accompanying documentation, unless modified by any following condition. Any deviation will require the consent of Council.

2. The applicant must comply with all relevant prescribed conditions as contained in Part 4, Division 2 of the *Environmental Planning & Assessment Regulation 2021*.

#### *Prior to Construction*

3. Prior to the commencement of any works (including earthworks) on the site a Construction Certificate must be issued in accordance with the *Environmental Planning and Assessment Act 1979*.

#### *During Construction*

4. To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:
  - Works on site are to be carried out in accordance with the *Protection of the Environment Operations Act 1997* in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;
  - Construction may only be carried out between 7.00am and 5.00pm, Monday to Saturday, and no construction is to be carried out at any time on a Sunday or Public Holiday. Council may consent to vary these hours in particular circumstances where it

Administration Centre, 144 Otho Street (PO Box 138), Inverell NSW 2360

Ph: 02 6728 8288 Fax: 02 6728 8277 DX 6159

council@inverell.nsw.gov.au

- can be demonstrated that it is unavoidable;
- Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;
  - Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;
  - Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot; and
  - Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the *Surveying and Spatial Information Act 2002*. A plan showing the relocated monuments will then be required to be lodged as a matter of public record at the Lands Titles Office.
5. Prior to commencement of works (including earthworks), run-off and erosion control measures must be implemented in accordance with Council's Erosion and Sedimentation Control Policy (2005) to prevent soil erosion, water pollution and the discharge of loose sediment on the surrounding land. Measures are to include:
- Diverting uncontaminated run-off around cleared or disturbed areas;
  - Erecting a silt fence and providing any other necessary sediment control measures that will prevent debris escaping into drainage systems, waterways or adjoining properties;
  - Preventing the tracking of sediment by vehicles onto roads; and
  - Stockpiling top soil, excavated materials, construction and landscaping supplies and debris within the lot.

Run-off and erosion control measures must be in place for the duration of building work and until adequate cover is established on the site.

#### ***Prior to Occupation***

6. An Occupation Certificate must be issued for each building in accordance with the *Environmental Planning and Assessment Act 1979*.

*Note: Prior to issue of the Occupation Certificate, the Principal Certifying Authority is required to be satisfied, amongst other things, that:*

- *all required inspections (including each applicable mandatory critical stage inspection) have been carried out; and*
  - *any preconditions to the issue of the certificate required by a development consent have been met.*
7. Prior to issue of an Occupation Certificate, the following stormwater works are to be completed in accordance with *Australian Standard 3500.3 Plumbing and drainage* and to Council's satisfaction:
- A surface diversion bank is to be installed along the boundary with Lot 3 DP 1188864 (375 Old Bundarra Road, Inverell) as shown in red on the approved plans; and
  - The point of discharge of roofwater from the shed to the ground, inclusive of any rainwater tank overflow, is to be provided with scour protection to prevent erosion.

#### ***Advice Only***

As part of the construction of a dwelling, outbuildings and/or other development it is the responsibility of the property owners to manage stormwater drainage through the installation of contours, retaining walls, pits and pipes and the like to reduce potential stormwater nuisances, in manner which does detrimentally impact downstream properties. Council is unlikely to take any future action in relation surface water runoff that is caused by extreme rainfall events or that is deemed to be natural runoff from higher properties due to natural topography.

## **REASONS FOR CONDITIONS**

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 4.15 of the *Environmental Planning and Assessment Act 1979*, as well as Section 4.17 which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

## **REASONS FOR APPROVAL**

1. The development, subject to conditions, is consistent with the objectives of the R5 Large Lot Residential zone.
2. The proposed shed complies with the controls of the Inverell Development Control Plan 2013 and is considered appropriate in the rural residential area.

## **COMMUNITY CONSULTATION**

As per the Inverell Community Participation Plan the development was considered to be a minor development with minimal environmental impact and notification was not necessary.

## **RIGHT OF APPEAL**

If you are dissatisfied with this decision, Division 8.3 of the *Environmental Planning and Assessment Act 1979* gives you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice. You are also advised that Division 8.2 of the *Environmental Planning and Assessment Act 1979* provides that you may apply to Council for a review of this decision subject to the limitations contained in that section and payment of the prescribed fee.

On behalf of Inverell Shire Council

**CHRIS FALEY**  
**DEVELOPMENT SERVICES COORDINATOR**
