

## NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

**Application number** DA-114/2023  
PAN-369240

**Applicant** ABODE Building Design

**Description of development** i) The construction of a new dwelling. Constructed using a steel frame and fibre-cement/WeatherTex weatherboard cladding on a concrete slab.  
ii) Installation of a new septic system to be used by the new dwelling.

**Property** 2966 BUNDARRA ROAD GILGAI 2360  
108/-/DP753678  
14/-/DP753678

**Determination** Approved  
Consent Authority - Council

**Date of determination** 20/10/23

**Date from which the consent operates** 20/10/23

**Date on which the consent lapses** 20/10/28

Under section 4.18(1) of the EP&A Act, notice is given that the above development application has been determined by the granting of consent using the power in section 4.16(1)(a) of the EP&A Act, subject to the conditions specified in this notice.

### Reasons for approval

- <sup>1</sup> The development, subject to conditions, is consistent with the objectives of the RU1 Primary Production zone and complies with the Inverell Local Environmental Plan 2012.
- <sup>2</sup> The development complies with the controls of the Inverell Development Control Plan 2013.  
Subject to conditions, the development is considered to comply with Planning for Bush Fire Protection

### **Community Consultation**

As per the Inverell Community Participation Plan the development was considered to be a minor development with minimal environmental impact and notification was not necessary.

### **Right of appeal / review of determination**

If you are dissatisfied with this determination:

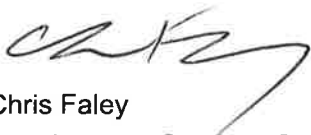

#### **Request a review**

You may request a review of the consent authority's decision under section 8.3(1) of the EP&A Act. The application must be made to the consent authority within 6 months from the date that you received the original determination notice provided that an appeal under section 8.7 of the EP&A Act has not been disposed of by the Court.

#### **Rights to appeal**

You have a right under section 8.7 of the EP&A Act to appeal to the Court within 6 months after the date on which the determination appealed against is notified or registered on the NSW planning portal.

The Dictionary at the end of this consent defines words and expressions for the purposes of this determination.

Chris Faley  
Development Services Coordinator  
Person on behalf of the consent authority

## Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

### General Conditions

1	<p><b>Compliance with Building Code of Australia and insurance requirements under Home Building Act 1989</b></p> <ol style="list-style-type: none"><li>1. It is a condition of a development consent for development that involves building work that the work must be carried out in accordance with the requirements of the Building Code of Australia.</li><li>2. It is a condition of a development consent for development that involves residential building work for which a contract of insurance is required under the Home Building Act 1989, Part 6 that a contract of insurance is in force before building work authorised to be carried out by the consent commences.</li><li>3. It is a condition of a development consent for a temporary structure used as an entertainment venue that the temporary structure must comply with Part B1 and NSW Part H102 in Volume 1 of the Building Code of Australia.</li><li>4. In subsection (1), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for the construction certificate was made.</li><li>5. In subsection (3), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for development consent was made.</li><li>6. This section does not apply—<ol style="list-style-type: none"><li>a. to the extent to which an exemption from a provision of the Building Code of Australia or a fire safety standard is in force under the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021, or</li><li>b. to the erection of a temporary building, other than a temporary structure to which subsection (3) applies.</li></ol></li></ol> <p><b>Condition reason:</b> Prescribed condition under section 69 of the Environmental Planning and Assessment Regulation 2021.</p>
2	<p><b>Erection of signs</b></p> <ol style="list-style-type: none"><li>1. This section applies to a development consent for development involving building work, subdivision work or demolition work.</li><li>2. It is a condition of the development consent that a sign must be erected in a prominent position on a site on which building work, subdivision work or demolition work is being carried out—<ol style="list-style-type: none"><li>a. showing the name, address and telephone number of the principal certifier for the work, and</li></ol></li></ol>

	<ul style="list-style-type: none"> <li>d. showing the name of the principal contractor, if any, for the building work and a telephone number on which the principal contractor may be contacted outside working hours, and</li> <li>c. stating that unauthorised entry to the work site is prohibited.</li> </ul> <p>3. The sign must be—</p> <ul style="list-style-type: none"> <li>a. maintained while the building work, subdivision work or demolition work is being carried out, and</li> <li>b. removed when the work has been completed.</li> </ul> <p>4. This section does not apply in relation to—</p> <ul style="list-style-type: none"> <li>a. building work, subdivision work or demolition work carried out inside an existing building, if the work does not affect the external walls of the building, or</li> <li>b. Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.</li> </ul> <p><b>Condition reason:</b> Prescribed condition under section 70 of the Environmental Planning and Assessment Regulation 2021.</p>
3	<p><b>Fulfilment of BASIX commitments</b></p> <p>It is a condition of a development consent for the following that each commitment listed in a relevant BASIX certificate is fulfilled—</p> <ul style="list-style-type: none"> <li>1. BASIX development,</li> <li>2. BASIX optional development, if the development application was accompanied by a BASIX certificate.</li> </ul> <p><b>Condition reason:</b> Prescribed condition under section 75 of the Environmental Planning and Assessment Regulation 2021.</p>
4	<p><b>Notification of Home Building Act 1989 requirements</b></p> <ul style="list-style-type: none"> <li>1. This section applies to a development consent for development involving residential building work if the principal certifier is not the council.</li> <li>2. It is a condition of the development consent that residential building work must not be carried out unless the principal certifier for the development to which the work relates has given the council written notice of the following— <ul style="list-style-type: none"> <li>a. for work that requires a principal contractor to be appointed— <ul style="list-style-type: none"> <li>i. the name and licence number of the principal contractor, and</li> <li>ii. the name of the insurer of the work under the Home Building Act 1989, Part 6,</li> </ul> </li> <li>b. for work to be carried out by an owner-builder— <ul style="list-style-type: none"> <li>i. the name of the owner-builder, and</li> <li>ii. if the owner-builder is required to hold an owner-builder permit under the Home Building Act 1989—the number of the owner-builder permit.</li> </ul> </li> </ul> </li> <li>3. If the information notified under subsection (2) is no longer correct, it is a condition of the development consent that further work must not be carried out unless the principal certifier has given the council written notice of the updated information.</li> <li>4. This section does not apply in relation to Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.</li> </ul> <p><b>Condition reason:</b> Prescribed condition under section 71 of the Environmental Planning and Assessment Regulation 2021.</p>
5	<p><b>Approved plans and supporting documentation</b></p>

Development must be carried out in accordance with the following approved plans and documents, except where the conditions of this consent expressly require otherwise.

**Approved plans**

Plan number	Revision number	Plan title	Drawn by	Date of plan
230529P	-	Proposed New Dwelling	Abode Building Design	09/08/2023

In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.

**Condition reason:** To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.

## Building Work

### Before issue of a construction certificate

6	<b>Aerated Wastewater Treatment System</b>
	The dwelling is to be serviced by an aerated wastewater treatment system (AWTS). Prior to issue of a Construction Certificate, specifications and an updated site plan for the AWTS are to be submitted to and approved by Council.
	<b>Condition reason:</b> The site is not considered suitable for a traditional septic system and absorption trench.

### Before building work commences

No additional conditions have been applied to this stage of development.

### During building work

7	<b>Construction - Local amenity, noise and environmental pollution</b>
	<p>To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:</p> <ul style="list-style-type: none"> <li>• Works on site are to be carried out in accordance with the Protection of the Environment Operations Act 1997 in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;</li> <li>• Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;</li> <li>• Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;</li> <li>• Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot;</li> </ul> <p>Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the <i>Surveying and Spatial Information Act 2002</i>. A plan showing the</p>

relocated monuments will then be required to be lodged as a matter of public record at the Lands Titles Office.

**Condition reason:** To protect local amenity and survey monuments during construction.

### Before issue of an occupation certificate

8	<b>Occupation of premise</b>
	Prior to occupation of the premises, an Occupation Certificate must be issued in accordance with <i>Environmental Planning and Assessment Act 1979</i> .
	<p><i>Note: Prior to issue of the Occupation Certificate, the Principal Certifying Authority is required to be satisfied, amongst other things, that:</i></p> <ul style="list-style-type: none"> <li><i>* all required inspections (including each applicable mandatory critical stage inspection) have been carried out; and</i></li> <li><i>* any preconditions to the issue of the certificate required by a development consent have been met.</i></li> </ul>
	<b>Condition reason:</b> To ensure an Occupation Certificate is obtained prior to use of the building.
9	<b>Onsite Sewage Management System</b>
	Prior to issue of an Occupation Certificate, an aerated wastewater treatment system must be installed and operational.
	<b>Condition reason:</b> To require the dwelling to be connected to a sewage management system.
10	<b>Bushfire documentation regarding bushfire in relation to gas and electricity</b>
	Prior to issue of an Occupation Certificate gas and electricity are to comply with <i>Planning for Bushfire Protection 2019</i> .
	<b>Condition reason:</b> To comply with Planning for Bush Fire Protection
11	<b>Bushfire protection zone</b>
	Prior to issue of an Occupation Certificate a distance of 35 metres must be provided around the dwelling and maintained in perpetuity as an Asset Protection Zone in accordance with Planning For Bush Fire Protection 2019 and the NSW Rural Fire Service document 'Standards for Asset Protection Zones'.
	<b>Condition reason:</b> To comply with Planning for Bush Fire Protection.
12	<b>Bushfire - Water Supply</b>
	Prior to issue of an Occupation Certificate a 20,000 litre dedicated water supply is to be provided and maintained in perpetuity for the dwelling, with a 65mm storz outlet with a gate or ball valve for connection of a Rural Fire Service tanker. The water supply must be located within the Asset Protection Zone.
	<b>Condition reason:</b> To comply with Planning for Bush Fire Protection.

### Occupation and ongoing use

No additional conditions have been applied to this stage of development.

### General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all

obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the Conditions of development consent: advisory notes. The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.

## Dictionary

The following terms have the following meanings for the purpose of this determination (except where the context clearly indicates otherwise):

**Approved plans and documents** means the plans and documents endorsed by the consent authority, a copy of which is included in this notice of determination.

**AS** means Australian Standard published by Standards Australia International Limited and means the current standard which applies at the time the consent is issued.

**Building work** means any physical activity involved in the erection of a building.

**Certifier** means a council or a person that is registered to carry out certification work under the *Building and Development Certifiers Act 2018*.

**Construction certificate** means a certificate to the effect that building work completed in accordance with specified plans and specifications or standards will comply with the requirements of the EP&A Regulation and *Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021*.

**Council** means INVERELL SHIRE COUNCIL.

**Court** means the Land and Environment Court of NSW.

**EPA** means the NSW Environment Protection Authority.

**EP&A Act** means the *Environmental Planning and Assessment Act 1979*.

**EP&A Regulation** means the *Environmental Planning and Assessment Regulation 2021*.

**Independent Planning Commission** means Independent Planning Commission of New South Wales constituted by section 2.7 of the EP&A Act.

**Occupation certificate** means a certificate that authorises the occupation and use of a new building or a change of building use for an existing building in accordance with this consent.

**Principal certifier** means the certifier appointed as the principal certifier for building work or subdivision work under section 6.6(1) or 6.12(1) of the EP&A Act respectively.

**Site work** means any work that is physically carried out on the land to which the development the subject of this development consent is to be carried out, including but not limited to building work, subdivision work, demolition work, clearing of vegetation or remediation work.

**Stormwater drainage system** means all works and facilities relating to:

- the collection of stormwater,
- the reuse of stormwater,
- the detention of stormwater,
- the controlled release of stormwater, and
- connections to easements and public stormwater systems.

**Strata certificate** means a certificate in the approved form issued under Part 4 of the *Strata Schemes Development Act 2015* that authorises the registration of a strata plan, strata plan of subdivision or notice of conversion.

**Sydney district or regional planning panel** means Northern Regional Planning Panel.
