## Building Work

### Before issue of a construction certificate

6	<b>Water DSP</b>
Prior to the issue of a construction certificate for the dwelling and shed, contribution/fees must be paid to Council for water supply and water connection. This will require payment to Council of:	
<ul style="list-style-type: none"> <li>• Contributions under Council's Development Servicing Plan No. 1 for 1 equivalent tenement; and</li> <li>• A water connection fee in accordance with Council's fees and charges.</li> </ul>	
<b>Condition reason:</b> To ensure contributions and fees have been paid for water service.	
7	<b>Section 7.11 Contributions</b>
Prior to the issue of a construction certificate for the dwelling and shed, contributions/fees must be paid to Council pursuant to Section 7.11 (formerly Section 94) of the Environmental Planning and Assessment Act 1979 for:	
<ul style="list-style-type: none"> <li>• General Rural Roads; and</li> <li>• Community Services.</li> </ul>	
<b>Condition reason:</b> To ensure section 7.11 contributions have been paid.	

### Before building work commences

8	<b>Construction -Erosion and Sediment Control</b>
Prior to commencement of works (including earthworks), run-off and erosion control measures must be implemented to prevent soil erosion, water pollution and the discharge of loose sediment on the surrounding land. Measures are to include:	
<ul style="list-style-type: none"> <li>• Diverting uncontaminated run-off around cleared or disturbed areas;</li> </ul>	

- Erecting a silt fence and providing any other necessary sediment control measures that will prevent debris escaping into drainage systems, waterways or adjoining properties;
- Preventing the tracking of sediment by vehicles onto roads; and
- Stockpiling top soil, excavated materials, construction and landscaping supplies and debris within the lot.

Run-off and erosion control measures must be in place for the duration of building work and until adequate (more than 70%) vegetation (grass) cover is established on the site to prevent debris escaping from the site into drainage systems, waterways, adjoining properties and roads. In the event that the building contract is completed, it is the responsibility of the owner to maintain the run-off and erosion control measures.

**Condition reason:** To ensure sediment laden runoff and site debris do not impact local stormwater systems and waterways.

### During building work

9	<p><b>Hours of work</b></p> <p>Site work must only be carried out between the following times –</p> <p>From 7:00am to 5:00pm on Monday to Friday</p> <p>Site work is not to be carried out outside of these times except where there is an emergency, or for urgent work directed by a police officer or a public authority.</p> <p><b>Condition reason:</b> To protect the amenity of the surrounding area.</p>
10	<p><b>Construction - Local amenity, noise and environmental pollution</b></p> <p>To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:</p> <ul style="list-style-type: none"> <li>• Works on site are to be carried out in accordance with the Protection of the Environment Operations Act 1997 in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;</li> <li>• Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;</li> <li>• Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;</li> <li>• Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot;</li> <li>• Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the <i>Surveying and Spatial Information Act 2002</i>. A plan showing the relocated monuments will then be required to be lodged as a matter of public record at the Lands Titles Office.</li> </ul> <p><b>Condition reason:</b> To protect local amenity and survey monuments during construction.</p>

### Before issue of an occupation certificate

11	<b>Stormwater drainage</b>
	Prior to issue of an Occupation Certificate, all stormwater (i.e. roof water and/or surface water) shall be drained in accordance with <i>Australian Standard 3500.3 Plumbing and drainage</i> .
	<b>Condition reason:</b> To ensure stormwater is disposed without causing a nuisance to adjoining properties
12	<b>Rural Addressing Fee</b>
	Prior to issue of a occupation certificate for a dwelling and shed, a rural addressing fee is to be paid to Council in accordance with Council's fees and charges.
	<b>Condition reason:</b> To ensure the rural addressing fee is paid.

### **Occupation and ongoing use**

No additional conditions have been applied to this stage of development.

### **General advisory notes**

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [\*Conditions of development consent: advisory notes\*](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.
