

## NOTICE OF MODIFICATION TO DETERMINATION OF A DEVELOPMENT APPLICATION

*Issued under Clause 122 of the Environmental Planning and Assessment Regulation 2000.*

<b>Application No.</b>	<b>DA-93/2024/A</b>
<b>Applicant</b>	Mr Anthony Terrence Cross
<b>Land to be developed</b>	Lot 1 DP 114689 7 Andrew Street, INVERELL NSW 2360
<b>Approved development</b>	Shed
<b>Building Code of Australia Classification</b>	Class 10a
<b>Determination</b>	The determination is amended in accordance with Section 4.55 of the Environmental Planning and Assessment Act 1979.
<b>Original date of determination</b>	9 September 2024
<b>Modification determination date</b>	13 November 2024
<b>Consent will lapse on</b>	9 September 2029
	Unless the work or use to which this consent relates has lawfully commenced on-site in accordance with Section 4.53 of Environmental Planning and Assessment Act 1979.

### CONDITIONS OF CONSENT

#### General Conditions

<b>1</b>	<p><b>Compliance with Building Code of Australia and insurance requirements under Home Building Act 1989</b></p> <ol style="list-style-type: none"> <li>1. It is a condition of a development consent for development that involves building work that the work must be carried out in accordance with the requirements of the Building Code of Australia.</li> <li>2. It is a condition of a development consent for development that involves residential building work for which a contract of insurance is required under the Home Building Act 1989, Part 6 that a contract of insurance is in force before building work authorised to be carried out by the consent commences.</li> <li>3. It is a condition of a development consent for a temporary structure used as an entertainment venue that the temporary structure must comply with Part B1 and NSW Part H102 in Volume 1 of the Building Code of Australia.</li> <li>4. In subsection (1), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for the construction certificate was made.</li> <li>5. In subsection (3), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for development consent was made.</li> </ol>
----------	--

	<p>6. This section does not apply—</p> <ol style="list-style-type: none"> <li>a. to the extent to which an exemption from a provision of the Building Code of Australia or a fire safety standard is in force under the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021, or</li> <li>b. to the erection of a temporary building, other than a temporary structure to which subsection (3) applies.</li> </ol>
	<p><b>Condition reason:</b> Prescribed condition under section 69 of the Environmental Planning and Assessment Regulation 2021.</p>
2	<p><b>Erection of signs</b></p> <ol style="list-style-type: none"> <li>1. This section applies to a development consent for development involving building work, subdivision work or demolition work.</li> <li>2. It is a condition of the development consent that a sign must be erected in a prominent position on a site on which building work, subdivision work or demolition work is being carried out—       <ol style="list-style-type: none"> <li>a. showing the name, address and telephone number of the principal certifier for the work, and</li> <li>b. showing the name of the principal contractor, if any, for the building work and a telephone number on which the principal contractor may be contacted outside working hours, and</li> <li>c. stating that unauthorised entry to the work site is prohibited.</li> </ol> </li> <li>3. The sign must be—       <ol style="list-style-type: none"> <li>a. maintained while the building work, subdivision work or demolition work is being carried out, and</li> <li>b. removed when the work has been completed.</li> </ol> </li> <li>4. This section does not apply in relation to—       <ol style="list-style-type: none"> <li>a. building work, subdivision work or demolition work carried out inside an existing building, if the work does not affect the external walls of the building, or</li> <li>b. Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.</li> </ol> </li> </ol>
	<p><b>Condition reason:</b> Prescribed condition under section 70 of the Environmental Planning and Assessment Regulation 2021.</p>
3	<p><b>Notification of Home Building Act 1989 requirements</b></p> <ol style="list-style-type: none"> <li>1. This section applies to a development consent for development involving residential building work if the principal certifier is not the council.</li> <li>2. It is a condition of the development consent that residential building work must not be carried out unless the principal certifier for the development to which the work relates has given the council written notice of the following—       <ol style="list-style-type: none"> <li>a. for work that requires a principal contractor to be appointed—           <ol style="list-style-type: none"> <li>i. the name and licence number of the principal contractor, and</li> <li>ii. the name of the insurer of the work under the Home Building Act 1989, Part 6,</li> </ol> </li> <li>b. for work to be carried out by an owner-builder—           <ol style="list-style-type: none"> <li>i. the name of the owner-builder, and</li> <li>ii. if the owner-builder is required to hold an owner-builder permit under the Home Building Act 1989—the number of the owner-builder permit.</li> </ol> </li> </ol> </li> <li>3. If the information notified under subsection (2) is no longer correct, it is a condition of the development consent that further work must not be carried out unless the principal certifier has given the council written notice of the updated information.</li> <li>4. This section does not apply in relation to Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.</li> </ol>

	<b>Condition reason:</b> Prescribed condition under section 71 of the Environmental Planning and Assessment Regulation 2021.																				
4	<p><b>Approved plans and supporting documentation</b></p> <p>Development must be carried out in accordance with the following approved plans and documents, except where the conditions of this consent expressly require otherwise.</p> <table border="1"> <thead> <tr> <th colspan="5">Approved plans</th> </tr> <tr> <th>Plan number</th> <th>Revision number</th> <th>Plan title</th> <th>Drawn by</th> <th>Date of plan</th> </tr> </thead> <tbody> <tr> <td>6245</td> <td></td> <td>Garage - 7 Andrew Street - Lot 1 DP 114689</td> <td>North Coast Shed Market</td> <td>20/08/2024</td> </tr> <tr> <td>6245</td> <td></td> <td>Site Plan - Garage - 7 Andrew Street - Lot 1 DP 114689</td> <td>North Coast Shed Market</td> <td>27/08/2024</td> </tr> </tbody> </table> <p>In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.</p> <p><b>Condition reason:</b> To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.</p>	Approved plans					Plan number	Revision number	Plan title	Drawn by	Date of plan	6245		Garage - 7 Andrew Street - Lot 1 DP 114689	North Coast Shed Market	20/08/2024	6245		Site Plan - Garage - 7 Andrew Street - Lot 1 DP 114689	North Coast Shed Market	27/08/2024

## Demolition Work

### Before demolition work commences

No additional conditions have been applied to this stage of development.

### During demolition work

5	<p><b>Demolition – asbestos</b></p> <p>If the development is found to contain asbestos:</p> <ul style="list-style-type: none"> <li>• <del>The applicant/builder must investigate, and carry out, their obligations as specified under the <i>Work Health and Safety Regulation 2011</i>; and</del></li> <li>• <del>All asbestos waste must be stored, transported and disposed of in accordance with the <i>Protection of the Environment Operations (Waste) Regulation 1996</i>.</del></li> </ul> <p><b>Condition reason:</b> <del>To require asbestos is handled, transported and disposed in accordance with the relevant legislation.</del></p>
6	<p><b>Demolition – Australian Standards</b></p> <p><del>All demolition work is to be carried out in accordance with <i>Australian Standard 2601 The demolition of structures</i>.</del></p> <p><b>Condition reason:</b> <del>All demolition work must comply with Australian Standard 2601.</del></p>
7	<p><b>Demolition – Supervision</b></p> <p><del>At all times during demolition a competent person shall directly supervise work. It is the responsibility of the person to ensure that:</del></p> <ul style="list-style-type: none"> <li>• <del>The structure to be demolished and all its components shall be maintained in a stable and safe condition at all stages of the demolition work;</del></li> <li>• <del>Precautions are to be taken to ensure that the stability of all parts of the structure and</del></li> </ul>

	<p>the safety of persons on and outside the site are maintained particularly in the event of sudden and severe weather changes; and</p> <ul style="list-style-type: none"> <li>• The site shall be sealed off at all times against the unauthorised entry of persons or vehicles.</li> </ul>
	<b>Condition reason:</b> To protect adjoining properties and public safety.

### On completion of demolition work

8	<p><b>Removal of waste upon completion</b></p> <p>After completion of all site work:</p> <ul style="list-style-type: none"> <li>a. all refuse, spoil and material unsuitable for use on-site must be removed from the site and disposed of in accordance with the approved waste management plan; and</li> <li>b. written evidence of the waste removal must be provided to the satisfaction of the Inverell Shire Council</li> </ul>
	<b>Condition reason:</b> To ensure waste material is appropriately disposed or satisfactorily stored.
9	<p><b>Repair of infrastructure</b></p> <p>After completion of all site work:</p> <ul style="list-style-type: none"> <li>a. any public infrastructure damaged as a result of the carrying out of work approved under this consent (including damage caused by, but not limited to, delivery vehicles, waste collection, contractors, sub-contractors, concreting vehicles) must be fully repaired to the written satisfaction of Council, and at no cost to Council; or</li> <li>b. if the works in (a) are not carried out to Council's satisfaction, Council may carry out the works required and the costs of any such works must be paid as directed by Council and in the first instance will be paid using the security deposit required to be paid under this consent.</li> </ul>
	<b>Condition reason:</b> To ensure any damage to public infrastructure is rectified.

## Building Work

### Before issue of a construction certificate

10	<p><b>Section 138</b></p> <p>A separate application shall be made to Council for approval under Section 138 of the <i>Roads Act 1993</i> to undertake any of the following:</p> <ul style="list-style-type: none"> <li>• Erect a structure or carry out a work in, on or over a public road; or</li> <li>• Dig up or disturb the surface of a public road; or</li> <li>• Remove or interfere with a structure, work or tree on a public road; or</li> <li>• Pump water into a public road from any land adjoining the road; or</li> <li>• Connect a road (whether public or private) to a classified road.</li> </ul>
	<b>Condition reason:</b> To ensure all necessary approvals under the Roads Act 1993 are obtained for the development.

## Before building work commences

11	<p><b>Construction -Erosion and Sediment Control</b></p> <p>Prior to commencement of works (including earthworks), run-off and erosion control measures must be implemented to prevent soil erosion, water pollution and the discharge of loose sediment on the surrounding land. Measures are to include:</p> <ul style="list-style-type: none"> <li>• Diverting uncontaminated run-off around cleared or disturbed areas;</li> <li>• Erecting a silt fence and providing any other necessary sediment control measures that will prevent debris escaping into drainage systems, waterways or adjoining properties;</li> <li>• Preventing the tracking of sediment by vehicles onto roads; and</li> <li>• Stockpiling top soil, excavated materials, construction and landscaping supplies and debris within the lot.</li> </ul> <p>Run-off and erosion control measures must be in place for the duration of building work and until adequate (more than 70%) vegetation (grass) cover is established on the site to prevent debris escaping from the site into drainage systems, waterways, adjoining properties and roads. In the event that the building contract is completed, it is the responsibility of the owner to maintain the run-off and erosion control measures.</p> <p><b>Condition reason:</b> To ensure sediment laden runoff and site debris do not impact local stormwater systems and waterways.</p>
----	--

## During building work

12	<p><b>Hours of work</b></p> <p>Site work must only be carried out between the following times –</p> <p>From 7:00am to 5:00pm on Monday to Friday.</p> <p>Site work is not to be carried out outside of these times except where there is an emergency, or for urgent work directed by a police officer or a public authority.</p> <p><b>Condition reason:</b> To protect the amenity of the surrounding area.</p>
13	<p><b>Construction - Local amenity, noise and environmental pollution</b></p> <p>To safeguard the local amenity, reduce noise nuisance and to prevent environmental pollution during the construction period:</p> <ul style="list-style-type: none"> <li>• Works on site are to be carried out in accordance with the Protection of the Environment Operations Act 1997 in relation to noise, dust and associated nuisances from the site. The carrying out of works shall not interfere with the quiet enjoyment of the surrounding neighbourhood;</li> <li>• Stockpiles of topsoil, sand, aggregate, spoil or other material shall be stored clear of any drainage path of easement, natural watercourse, footpath, kerb or road surface and shall implement measures to prevent the movement of such material off site;</li> <li>• Building operations such as brick cutting, washing tools, concreting and bricklaying shall be undertaken on the building block. The pollutants from these building operations shall be contained on site;</li> <li>• Builders waste must not be burnt or buried on site. All waste (including felled trees) must be contained and removed to a waste disposal depot;</li> <li>• Where the proposed development involves the disturbance of any existing survey monuments, those monuments affected will need to be relocated by a registered surveyor under the <i>Surveying and Spatial Information Act 2002</i>. A plan showing the relocated monuments will then be required to be lodged as a matter of public record at</li> </ul>

	the Lands Titles Office.
	<b>Condition reason:</b> To protect local amenity and survey monuments during construction.

### Before issue of an occupation certificate

14	<p><b>Occupation of premise</b></p> <p>Prior to occupation of the premises, an Occupation Certificate must be issued in accordance with <i>Environmental Planning and Assessment Act 1979</i>.</p> <p><i>Note: Prior to issue of the Occupation Certificate, the Principal Certifying Authority is required to be satisfied, amongst other things, that:</i></p> <ul style="list-style-type: none"> <li>• all required inspections (including each applicable mandatory critical stage inspection) have been carried out; and</li> <li>• any preconditions to the issue of the certificate required by a development consent have been met.</li> </ul> <p><b>Condition reason:</b> To ensure an Occupation Certificate is obtained prior to use of the building.</p>
15	<p><b>Stormwater drainage</b></p> <p>Prior to issue of an Occupation Certificate, all stormwater (i.e. roof water and/or surface water) shall be drained in accordance with <i>Australian Standard 3500.3 Plumbing and drainage</i>.</p> <p><b>Condition reason:</b> To ensure stormwater is disposed without causing a nuisance to adjoining properties</p>

### Occupation and ongoing use

No additional conditions have been applied to this stage of development.

#### REASONS FOR CONDITIONS

The above conditions have been imposed:

1. To ensure compliance with the terms of the applicable environmental planning instruments.
2. Having regard to Council's duties of consideration under Section 4.15 of the *Environmental Planning and Assessment Act 1979*, as well as Section 4.17 which authorizes the imposing of the consent conditions.
3. Having regard to the circumstances of the case and the public interest.

#### RIGHT OF APPEAL

If you are dissatisfied with this decision, Division 8.3 of the *Environmental Planning and Assessment Act 1979* gives you the right to appeal to the Land and Environment Court within 6 months after the date on which you receive this notice. You are also advised that Division 8.2 of the *Environmental Planning and Assessment Act 1979* provides that you may apply to Council for a review of this decision subject to the limitations contained in that section and payment of the prescribed fee.

On behalf of Inverell Shire Council
